Oggetto: EU conference on doctoral training – Riga 28-29 May 2015 – invitation
Allegati: Programme_Riga.doc

Contr. completamento: Completare
Stato contrassegno: Contrassegnato

Dear ITN coordinator/scientist-in-charge,

We have the pleasure to invite you and the members of your ITN team to the conference on the "Future of the doctorate", organised by the European Commission in Riga on 28-29 May 2015.

The event will be dedicated to the best doctoral training practices in Europe and beyond. It will target mainly supervisors and scientists-in-charge, and will provide a platform for discussion on future directions in doctoral training and a European vision of the modern doctorate. A draft programme is attached.

The registration for participation is open now via the dedicated website: <https://future-doctorate.teamwork.fr/>. The deadline for registration is 15 May 2015.

Participation in the conference is free of charge.

Please note that you can also participate in an online discussion platform, launched at the occasion of the conference and covering various aspects of the doctoral training: <https://future-doctorate.teamwork.fr/forum/>. You can participate in the discussion on the platform without pre-registration for the event.

For any questions related to registrations or the event in general, please contact: future-doctorate@teamwork.fr or kamila.partyka@ec.europa.eu.

We look forward to meeting you in Riga.

Please feel free to forward this invitation to all your ITN beneficiaries.

Yours sincerely,

Marie Skłodowska-Curie Team
