

GUIDE FOR PREPARATION OF LEARNING AGREEMENT – INCOMING STUDENTS ACADEMIC YEAR 2025/26

Dear Incoming Student of the “Corso di Laurea Magistrale in Medicina e Chirurgia” (Italian language class) of the University of Parma,

In this document you can find the list of Courses you may choose to attend during your mobility period in Parma in the Academic Year 2025/2026, from the Third year of course onwards. Students who wish to attend courses that are scheduled in the first or second year of the degree in Medicine and Surgery (e.g. subjects like histology and embryology, human anatomy, biochemistry, immunology, microbiology) should contact the Erasmus Coordinators for infos (see contacts at the end of the document).

All courses (“integrated courses”/“corsi integrati”) held in our degree in Medicine and Surgery are partitioned in smaller modules. In some courses, you may choose to attend just one or few modules of a course, but this is not the case for all courses. Practical activities/internships are those named “Tirocinio”. **You cannot attend a module of frontal lessons if you do not attend also the corresponding Tirocinio, but you can attend Tirocinio without frontal lessons. In the latter case, you will not take an exam at the end of the internship, and you will not be given a mark.**

Please read carefully the instructions for each course listed in the tables. In each table row, you can find a link to the Unipr webpage of each course and module. Please be aware that **the official sheets for 2025/26 courses will be released in the late summer 2025**, so the links are referred to previous academic years. In case of discrepancy on ECTS credit number and course partitions between webpages and the following tables, please refer to tables.

The English language version of the programs of each course and module can be found opening the Italian version (links provided in tables), and then selecting “ENG” in the menu in the upper right corner of each webpage.

Please pay attention to the instructions given at the end of this document (Appendix 1) when filling Table A of your learning agreement. Adherence to these instructions will facilitate the administrative registration of the courses and exams in the online student management system (Esse3). Learning agreements not fulfilling these requirements may be sent back to you for corrections by Erasmus Coordinators or administrative offices.

All courses and examinations are held in Italian language. **The University of Parma requires a B1 level certification of Italian language** to admit incoming Erasmus students.

APPENDIX 1 –HOW TO CORRECTLY FILL TABLE A IN THE LEARNING AGREEMENT

Case 1 - You wish to attend a full integrated course and take the corresponding examination → Please indicate in Table A only the name of the integrated course and the corresponding codes. Do not indicate the modules in which the integrated course is partitioned. The number of ECTS that must be indicated in the right column is the one attributed to the integrated course.

Here's an example:

Before the mobility				
<i>Study Programme at the Receiving Institution</i>				
Table A Before the mobility	Planned period of the mobility: from [month/year] to [month/year]			
	Component ⁶ code (if any)	Component title at the Receiving Institution (as indicated in the course catalogue ⁷)	Semester [e.g. autumn/spring; term]	Number of ECTS credits (or equivalent) ⁸ to be awarded by the Receiving Institution upon successful completion

Here's an example:

Before the mobility				
<i>Study Programme at the Receiving Institution</i>				
Table A Before the mobility	Planned period of the mobility: from [month/year] to [month/year]

In the latter case, you will not have to take the examination, and will not get a mark.
