(ITA) Il progetto nasce dalla collaborazione tra l'Università di Parma e Chiesi Farmaceutici S.p.A. e ha come obiettivo la realizzazione di un modello fisico in scala del sistema respiratorio del topo per la validazione sperimentale del modello CFD sviluppato da Chiesi. Il modello geometrico tridimensionale delle vie aeree murine, insieme ai parametri fluidodinamici, alle condizioni al contorno e alle ipotesi di similitudine, sarà fornito da Chiesi, che ha già elaborato simulazioni CFD basate su ricostruzioni micro-CT del tratto laringe-tracheale e delle prime generazioni bronchiali. L'attività sperimentale presso l'Università di Parma prevede la costruzione del modello fisico in scala, la sua caratterizzazione mediante tecniche PIV (Particle Image Velocimetry) e il confronto con i risultati numerici.

Candidates who have obtained a score of at least 30 (thirty) points in the evaluation of the criteria indicated in letters a) and b) and c) are admitted to the interview.

The notice containing the list of candidates admitted to the interview, with an indication of the score obtained by them in the evaluation of the criteria referred to in letters a), b) and c), as well as the communication of any changes with respect to what has already been announced, will be published on the University website (link: <https://www.unipr.it/bandi-incarichi-post-doc>), with notification value to all interested parties, on **11 MAY 2026**.

The interview will take place according to the following **calendar**:

Date and time	Procedure	Venue
MAY 15, 2026 10:30 a.m.	presence (*)	Università di Parma Dipartimento di Ingegneria e Architettura Sede Scientifica Parco Area delle Scienze 181/a - 43124 Parma (PR) ➔ Plesso 10, Pal. B - Aula B/4

(*) The public form that distinguishes the interview will be guaranteed by allowing anyone to be able to attend it at the time of its development.

For the purposes of identification and under penalty of exclusion from the selection procedure, each candidate is required, before the interview begins, to identify himself/herself, by showing a suitable identification document. Those who are citizens of a European Union country must present their passport, or an identity document issued by the country of origin. The judgment of the Commission is final on the merits.

The selection is considered passed with a **minimum overall score of 70 (seventy) points out of 100 (one hundred) overall**.

The assignment is conferred on the candidate who has obtained the highest overall score, according to the order of the final ranking. In the event of equal merit, the candidate of the youngest age is preferred.

APPROVAL OF THE RANKING LIST

The acts of the selection procedure are approved by Rector's Decree, published on the *online Register* and on the website of the University of Parma in the section dedicated to the procedure, which can be reached via a link to the <https://www.unipr.it/bandi-incarichi-post-doc> address, which will declare the winner under a condition precedent of the

assessment of the requirements for admission to employment. The deadline for any appeals runs from the day of publication of this decree.

The ranking list remains in force for 12 (twelve) months, starting from the date of approval of the acts, without prejudice to compliance with all the requirements for the activation of the post-doc assignment. No declarations of eligibility for selection will be made.

The post-doc assignment may be assigned to an additional candidate who has been found to be suitable, according to the order of the respective ranking, in the following cases:

- renunciation of the employment formalized by the winner;
- forfeiture of the winner from the right to employment due to non-acceptance within the deadline set by the University or for other reasons provided for by law;
- failure to take service of the winner;
- early termination of the individual contract concluded with the winner.

During the validity of the ranking list, in the presence of further justified needs relating to the performance of the same research program, the Department Council may propose to the Rector the assignment of additional post-doc appointments to candidates who have been duly placed in the ranking list, provided that the availability of the relevant financial coverage has been ascertained.

- ART. 8 -

ESTABLISHMENT OF THE EMPLOYMENT RELATIONSHIP and ASSUMPTION OF SERVICE

The post-doc assignment is conferred through the stipulation of an individual fixed-term employment contract, with a duration of 12 (twelve) months, containing the rights and duties of the parties, to be signed within the term set by the University.

At the time of signing the employment contract, interested parties are invited to submit the documentation required pursuant to current legislation. Failure to deliver or incomplete delivery or failure to regularise it, within the prescribed period, will result in the forfeiture of the right to employment.

The winner in possession of a doctoral degree or a similar degree obtained abroad may enter into the individual employment contract only after legal recognition of the same in Italy, according to the procedures provided for by current legislation, under penalty of forfeiture of the right to the assignment of the post-doc assignment and elimination from the ranking.

Citizens of non-European Union countries, in order to sign the employment contract, must certify the regularity of their position regarding their stay in Italy, pursuant to the current provisions on immigration (Legislative Decree 286/1998).

In any case, those who, within the deadline set by the University, do not declare that they accept it or do not sign the relevant employment contract lose the right to the conferral of the post-doc assignment.

The fixed-term employment relationship, under no circumstances, can automatically convert into an open-ended employment relationship.

The holding of post-doc positions does not give any right to access the role of universities, public research bodies and institutions whose scientific specialization diploma has been recognized as equivalent to the title of PhD pursuant to Article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980, nor can it be counted for the purposes of Article 20 of Legislative Decree 25 May 2017, No. 75.

- ART. 9 -

EMPLOYMENT RELATIONSHIP

The University provides the holder of the assignment with the necessary support for the realization of the activity covered by the assignment, guaranteeing access to the premises, equipment and the use of technical-administrative services, compatibly with its organization, with the needs and with the resources available to the specific research program.

The performance of assignments outside the University may be authorized by the Director of the Department, after consulting the Head of Research, in order to ensure the compatibility of the performance of the activities and after assessing the absence of conflicts of interest. The holder of the post-doc appointment may not, in any case, carry out activities that may lead to a situation of conflict of interest with the activities of the University of Parma or that do not allow the regular performance of the research activity.

- ART. 11 -

ECONOMIC, FISCAL, SOCIAL SECURITY AND INSURANCE TREATMENT

The holder of each post-doc position is paid the gross annual salary, net of charges borne by the University, indicated in Article 1 of this call, determined in relation to the commitment required and the complexity of the activities to be carried out. The amount is attributed to the holder of the office in monthly installments of the same amount.
