ANNOUNCEMENT OF THE DIRECT CONTRIBUTION PROCEDURE

A procedure is announced for the direct assignment of 1 (one) research assignment, with a duration of 12 (twelve) months, pursuant to art. 22-ter of Law no. 240 of 30.12.2010 and the related University Regulations, aimed at introducing young scholars to research and innovation, as specified below:

TITOLO DEL PROGRAMMA DI RICERCA / TITLE OF RESEARCH PROGRAM
Nanomateriali avanzati per colpire il DNA genomico e Z-DNA per l'eradicazione dei biofilm batterici - BactEradix <i>Advanced nanomaterials to target genomic and Z-DNA for bacterial biofilm eradication - BactEradix</i>
DESCRIZIONE DEL PROGRAMMA DI RICERCA / DESCRIPTION OF THE RESEARCH PROGRAM
BactEradix mira a sviluppare il primo nanomateriale antimicrobico avanzato in grado di colpire lo DNA-Z del biofilm e il DNA genomico, per eradicare il biofilm e risolvere le infezioni. La resistenza antimicrobica rappresenta una minaccia per la salute. La formazione di biofilm è una delle principali cause di fallimento terapeutico, recidiva delle infezioni e sviluppo di resistenza acquisita. BactEradix mira a sviluppare una nanopiattaforma modulare e modulabile, concentrandosi su due ceppi batterici prioritari dell'OMS. Gli obiettivi specifici includono: (1) caratterizzazione del Z-DNA strutturale nei biofilm, (2) progettazione di PNA mirati allo Z-DNA per (3) decorazione di nanoparticelle lipidiche per colpire e destabilizzare il biofilm, (4) progettazione e sviluppo di PNA antigenici in grado di scindere il DNA genomico e bloccare la replicazione batterica (portando a morte batterica) e (5) convalida dei nanomateriali per l'eradicazione del biofilm: funzionalità e biocompatibilità. <i>BactEradix aims to develop the first-in-class advanced antimicrobial nanomaterial to target biofilm Z-DNA and genomic DNA, to eradicate biofilm and resolve infections. Antimicrobial resistance is a threat to global health. Biofilm formation is a major cause of treatment failure, infection recurrence and acquired resistance development.</i> <i>BactEradix aims at developing a modular and tunable nanoplatform by focusing on two WHO priority bacterial strains. Specific goals include: (1) characterization of structural Z-DNA in biofilms, (2) design of Z-DNA targeting PNAs for (3) lipid nanoparticles decoration to target and destabilize the biofilm, (4) design and develop antimicrobial anti-gene PNAs able to cleave genomic DNA and block bacterial replication (leading to bacterial death), and (5) validation of nanomaterial for biofilm eradication: functionality and biocompatibility.</i>

REQUIREMENTS FOR PARTICIPATION IN THE EXPRESSION OF INTEREST

Italian and/or **foreign candidates who**, on the date of expiry of the deadline set out in this notice, meet the following requirements **may send their** expression of interest:

1) Master's Degree (LM) **qualification**, obtained pursuant to Ministerial Decree 270/2004, belonging to one of the following classes:

- **LM - 13 PHARMACY AND INDUSTRIAL PHARMACY**
- **LM - 54 CHEMICAL SCIENCES**
- **LM - 71 SCIENCE AND TECHNOLOGY OF INDUSTRIAL CHEMISTRY**

or qualification for which equivalence or equivalence has been recognized pursuant to current legislation, obtained no more than 6 (six) years ago¹.

2) **scientific-professional curriculum suitable for assisting in the performance of research activities**, which will be evaluated by the Research Manager.

Candidates in possession of a **qualification obtained abroad**, for which an equivalence or equivalence measure has not already been taken pursuant to current legislation, may participate in the procedure. In this case, the qualification must be official in the university system of reference, issued by an institution officially accredited in the country of achievement, and is evaluated by the Research Manager for the purpose of ascertaining the correspondence, by nature, level and disciplinary field, to the qualification required by this call, for the purposes of participation in the procedure and the possible assignment of the research assignment.

The possession of a higher level qualification than the one required does not constitute, in itself, a substitute requirement for the access qualification provided for by this procedure. If, however, the foreign university system provides for unitary courses of study that also include the level corresponding to the qualification requested and issue a single qualification, the Research Manager assesses the correspondence of the qualification, even if of a higher level, for the purpose of verifying the possession of the required requirement.

Candidates in possession of a qualification obtained abroad can participate in the selection by opting for one of the following alternatives:

- a) attaching, if already possessed, a copy of the provision of academic recognition (ex equivalence), with which the foreign qualification in Italy was conferred, assimilating it *on a one-off basis* to the Italian qualification required by the call for applications and allowing all the uses related to it, issued by an Italian university or other Italian higher education institution pursuant to art. 38, paragraph 3.2, of Legislative Decree no. 165/2001²;
- b) attaching the following documents for the assessment of the equivalence of the foreign qualification, by nature and disciplinary correspondence, to the Italian qualification indicated above, by the Research Manager, for the sole purpose of participation in the selection procedure:
 - copy of the title with translation³ into Italian or English;
 - copy of the certificate, issued by the competent University or Institution of Higher Education that awarded the qualification, certifying the exams passed (*Transcript of Record*) or copy of the *Diploma Supplement* or copy of another instrument suitable for the latter, in all cases, with translation³ into Italian or English;
 - any other document useful for the declaration of equivalence that the candidate already has.

¹ The six-year term runs backwards from the expiry date of this notice for the submission of expressions of interest.

² For more information on the academic recognition procedure (*formerly equivalence*), please see:
<https://www.mur.gov.it/it/aree-tematiche/universita/equipollenze-equivalenza-ed-equiparazioni-tra-titoli-di-studio/titoli-0>

³ The translation can be official (by the Italian diplomatic or consular authorities of the country in which the documents were drawn up), or sworn (carried out by a translator at the competent Italian judicial authority) or simple. In the latter case, it is necessary to attach the declaration in lieu of the affidavit, art. 19 and 47 of Presidential Decree no. 445 of 28 December 2000) with which the candidate must specify that the translation (e.g. in Italian) conforms to the original document in a foreign language attached.

In the case referred to in letter b), **the winner, for the purposes of stipulating the private law contract, must produce the declarations, certifications and/or attestations specified in Article 7**, to which reference is made, within the terms indicated therein, under penalty of forfeiture of the relevant right.

Those who are not eligible to participate in the selection process:

- a) belong to permanent staff of universities, public research bodies and institutions whose scientific specialization diploma has been recognized as equivalent to the title of PhD pursuant to Article 74, fourth paragraph, of Presidential Decree No. 382 of 11 July 1980;
- b) have a relationship of kinship or affinity, up to and including the 4th degree, with a professor belonging to the structure that proposed the activation of the position, or with the Rector, the Director General or a member of the University Board of Directors;
- c) have benefited from fixed-term Researcher contracts pursuant to Article 24 of Law No. 240 of 30 December 2010, in the version in force after the date of entry into force of Legislative Decree No. 36 of 30 April 2022, converted, with amendments, by Law No. 79 of 29 June 2022 (RTT);
- d) have benefited from research assignments pursuant to art. 22 ter of Law no. 240 of 30 December 2010, even with different institutions, for a period that, added to the duration of the assignment put out for tender, exceeds a total of 3 (three) years, even if not continuous, except for any exceptions provided for in order to implement specific European Union research funding programs under the actions related to the Marie Skłodowska-Curie (MSCA) program. For the purposes of the duration of the aforementioned relationships, periods spent on maternity or paternity leave or for health reasons according to current legislation are not relevant;
- e) have held positions referred to in Articles 22, 22-bis, 22-ter and 24 of Law 240/2010, including with different universities, state, non-state or telematic, with institutions of Higher Education in the Arts, Music and Dance, with institutions whose scientific specialization diploma has been recognized as equivalent to the title of PhD pursuant to Article 74, fourth paragraph, of Presidential Decree 382/1980, and with public research institutions, for a period that, added to the duration of the assignment put out for tender, exceeds a total of 11 (eleven) years, even if not continuous. For the purposes of the duration of the aforementioned relationships, periods spent on maternity leave or for health reasons according to current legislation are not relevant;
- f) are excluded from the enjoyment of civil and political rights in their country of origin or origin (for foreign citizens or those who do not hold refugee status or subsidiary protection, the enjoyment of civil and political rights refers to the country of citizenship).

The prescribed requirements must be met on the date of expiry of the deadline for the submission of the expression of interest.

Candidates are admitted to the procedure subject to reservations. Exclusion for lack of requisites or for declarations made pursuant to Presidential Decree 445/2000 that are untrue may be ordered at any time, with a reasoned Decree of the Rector. The exclusion will be notified directly to the interested party.

The Administration guarantees equality and equal opportunities between men and women for access to work and treatment in the workplace.

The evaluation of expressions of interest is carried out by the Research Manager and may be supplemented, where deemed necessary, by in-depth studies with all or part of the candidates, useful for ascertaining the aptitude and suitability to carry out the research activity subject to the assignment.

Following the evaluation, the Research Manager identifies the candidates suitable to carry out the planned activities, formulating an overall judgment for each of them. For the assignment of the position, it selects, among the candidates judged suitable, the candidate considered most qualified to carry out the planned activity, adequately justifying the choice.

The judgments expressed, the reasons for the choices made and the merit ranking of the unselected suitable candidates are included in a special report.

The Research Manager must not be in one of the conditions provided for by art. 51 c.p.c. with reference to candidates. To this end, he/she must produce a specific declaration pursuant to Presidential Decree no. 445 of 28 December 2000.
