NATIONAL STUDENT MOBILITY PROGRAMME — ERASMUS ITALIANO

CALL PUBLICATION DATE: 30 October 2026 at 09:00
APPLICATION DEADLINE: 30 November 2026 at 12:00 noon

Call for applications to the Erasmus italiano mobility programme
Academic year 2026/2027 — Second teaching period

GENERAL INFORMATION

The Erasmus italiano Fund, the use of which is governed by Ministerial Decree No. 397 of 16 May 2025, was established by Law No. 213 of 30 December 2023.

The Erasmus italiano programme for student mobility within Italy aims to build an integrated Italian higher education area by pooling resources available nationwide, with a view to enriching students' study plans through additional learning activities that complement those offered by their home university, within an interdisciplinary and innovative framework.
Under the programme, the University of Parma offers 158 scholarships to students duly enrolled in participating Bachelor's, Master's and Single-cycle Master's degree programmes, to undertake a study period of at least three months and no more than six months during the second semester of academic year 2026/2027 at one of the following partner universities, with which specific agreements have been concluded: University of Bari, University of Brescia, University of Cagliari, University of Calabria, University of Catania, University of Ferrara, University of Naples Federico II, University of Palermo, Marche Polytechnic University, University of Pisa, Sapienza University of Rome, University of Trento, University of Sassari and University of Udine.

Financial support is available to students whose household has a 2026 ISEE (Equivalent Economic Situation Indicator) for means-tested university student benefits not exceeding €50,000.00.

Selected students may attend courses, sit examinations under their study programme and use the host university's facilities without paying tuition fees to that university. Academic recognition of the activities undertaken is also guaranteed, provided that these activities have been agreed before departure with the Chairs of the participating degree programmes through the preparation of a Learning Agreement.
This call provides the essential information required to participate in the programme.
Applicants are therefore advised to read the following provisions and instructions carefully in order to benefit from this opportunity for personal and professional development.

Note: payment of the scholarships referred to in this call is subject to the allocation of funds to the University of Parma by the Ministry of Universities and Research (MUR). The information set out in this call may subsequently be amended and/or supplemented following notification of new provisions by MUR, the University of Parma and/or the partner universities.

ELIGIBILITY REQUIREMENTS AND CONDITIONS

This call is open to students duly enrolled on a full-time basis for academic year 2026/2027 in the following University of Parma degree programmes, who, by the date of issue of this call, have earned at least 30 university credits (CFU) for Bachelor's degree programmes or at least 20 CFU for Master's and Single-cycle Master's degree programmes (examinations taken in addition to the approved study plan and partial assessments are not eligible), and who wish to undertake a mobility period in the corresponding degree programmes at the partner universities listed below:

During the Erasmus italiano mobility period, students must:

- ✓ remain duly enrolled, with an active student record, in the same University of Parma degree programme for academic year 2026/2027, pay the fees due and comply with the applicable rules and deadlines.

Students may obtain their final qualification only after completing the mobility period at the host university and the recognition procedure, and after the credits recognised for activities undertaken during mobility, as provided for in the Learning Agreement and certified by the host university, have been entered in their student record.

During the national mobility period, students may not undertake an international mobility period (Erasmus for Studies / Traineeships / Blended Intensive Programmes — BIP / MAECI-CRUI internships).

During the Erasmus italiano mobility period, students must not:

- ✓ undertake another period of national inter-university mobility in the same academic year if simultaneously enrolled in two degree programmes; sit examinations at the University of Parma or apply to transfer to another university or to another degree programme.
- ✓ sit examinations at the University of Parma or apply to transfer to another university or another degree programme.

Students holding an Erasmus+ grant/status for studies and/or traineeships within or outside the EU, or another international mobility grant funded by the University for academic year 2026/2027, may not begin their Erasmus italiano mobility period until the relevant administrative file has been closed.

MOBILITY PERIOD AND DURATION

The mobility period, lasting a minimum of three months and a maximum of six months, shall take place during the second teaching period of academic year 2026/2027 and must end no later than 30 September 2027.

The mobility period must be undertaken in person and must be continuous.

During the mobility period, students are exempt from paying tuition fees at the host university, but must continue to pay the fees due to the University of Parma, complying with the deadlines and requirements set by the University for the academic year concerned.

The host university may determine any benefits to be granted to incoming students during the mobility period (access to university accommodation, assistance in finding accommodation, subsidised meals, etc.).

PLANNED ACTIVITIES AND LEARNING AGREEMENT

Before the mobility period begins, participating students must enter into a Learning Agreement setting out in detail, within an integrated learning framework, the study plan and activities to be undertaken during the exchange period.

In particular, the Learning Agreement must identify the learning activities to be undertaken at the host university during the mobility period and provide for the successful completion of learning activities, including internships and degree thesis preparation, and the acquisition of a number of corresponding CFU commensurate with the duration of the mobility period.

Students admitted to the mobility programme must therefore contact the relevant Chair of their Bachelor's, Master's or Single-cycle Master's degree programme, listed below, and propose a Learning Agreement specifying the courses they intend to attend at the host university and the courses in their study plan for academic year 2026/2027 for which they intend to obtain recognition through the mobility experience at the host university:

- **Architecture, Regeneration and Sustainability (L-17): Prof. Andrea Zerbi (andrea.zerbi@unipr.it)**
- **Architecture and Sustainable Cities (LM-4): Prof. Enrico Prandi (enrico.prandi@unipr.it)**
- **Medical, Veterinary and Pharmaceutical Biotechnology (LM-9): Prof. Nicola Giuliani (nicola.giuliani@unipr.it)**
- **Chemistry (LM-54): Prof. Alessia Bacchi (alessia.bacchi@unipr.it)**
- **Industrial Chemistry (LM-71): Prof. Alessia Bacchi (alessia.bacchi@unipr.it)**
- **Communication and Contemporary Media for the Creative Industries (L-20): Prof. Cristina Casero (cristina.casero@unipr.it)**
- **Professional Education (L-SNT/2): Prof. Chiara De Panfilis (chiara.depanfilis@unipr.it)**
- **Pharmacy (LM-13): Prof. Massimiliano Tognolini (massimiliano.tognolini@unipr.it)**
- **Physics (LM-17): Prof. Luigi Cristofolini (luigi.cristofolini@unipr.it)**
- **Mechanical Engineering (LM-33): Prof. Luca Collini (luca.collini@unipr.it)**
- **International Business and Development (LM-77): Prof. Andrea Lasagni (andrea.lasagni@unipr.it)**

- **Italian Sign Language and Tactile Italian Sign Language Interpreting (L-12): Prof. Marco Bartolucci (marco.bartolucci@unipr.it)**
- **Mathematics (LM-40): Prof. Marzia Bisi (marzia.bisi@unipr.it)**
- **Veterinary Medicine (LM-42): Prof. Marco Genchi (marco.genchi@unipr.it)**
- **Innovative and Sustainable Animal Production (LM-86): Prof. Massimo Malacarne**

- **Animal Science (L-38): Prof. Claudio Cipolat Gotet (claudio.cipolatgotet@unipr.it)**
- **Human Nutrition Sciences (LM-61): Prof. Francesca Scazzina (francesca.scazzina@unipr.it)**
- **History, Criticism and Languages of the Arts and Performing Arts (LM-65+LM-89): Prof. Paolo Russo (paolo.russo@unipr.it) .**
- **Philosophical Studies (L-5): Prof. Fabrizio Amerini (fabrizio.amerini@unipr.it)**
- **Medical Radiology Techniques for Imaging and Radiotherapy (L-SNT/3): Prof. Mario Silva (mario.silva@unipr.it).**

The Learning Agreement may be amended during the mobility period, provided that recognition of the activities remains subject to the consistency of the Learning Agreement with the study plan of the student's home degree programme.

The host university shall certify the start and end of the mobility period, which must correspond to the teaching activities offered, including the examination session, or to the period during which the internship or thesis preparation is actually undertaken. Students wishing to carry out thesis work are advised to consult their thesis supervisor in advance.

By the end of the mobility period, students must have earned at least 12 CFU, as provided for in the Learning Agreement.

At the end of the mobility period, the host university shall send the University of Parma the documents relating to the learning activities successfully completed and the CFU earned. The University of Parma undertakes to recognise these activities in accordance with the Learning Agreement.

APPLICATION DEADLINES AND PROCEDURE

Applications to the Erasmus italiano programme must be submitted between 09:00 on 30 October 2026 and 12:00 noon on 30 November 2026 via ESSE3 (https://unipr.esse3.cineca.it/ — navigation path: "Mobilità internazionale in uscita / Outbound mobility" → "Bandi di Mobilità" [Mobility calls]). No hard- copy application is required. Applications submitted after the deadline or by any other means shall not be accepted.

The following documents must be attached to the application:

- a valid identity document;
- a curriculum vitae et studiorum in European format;
- a proposed study plan and learning activities to be undertaken at the host university (Learning Agreement).

For Bachelor's, Master's and Single-cycle Master's degree programmes offering more than one destination, applicants must indicate their order of preference.

Students wishing to apply for a scholarship must belong to a household with a 2026 ISEE for means-tested university student benefits not exceeding €50,000.00. To declare their financial circumstances, applicants must, by 12:00 noon on 30 November 2026, complete the application for the calculation of student fees for academic year 2026/2027 on the ER.GO website (https://www.er-go.it), logging in with their SPID digital identity credentials, accessing the "Fai domanda online" [Apply online] section and completing the "Dati personali" [Personal details] and "Dati economici" [Financial details] sections by the application deadline**.** Failure to do so shall render the applicant ineligible for the scholarship. Further information on the ISEE rules and the documents required to complete the application is available in the University's Manifesto degli Studi [Study Regulations and Information] for academic year 2026/2027 (https://www.unipr.it/manifesto-degli-studi).

Students with disabilities or specific learning disorders (DSA) who are interested in participating in the programme may notify the Academic Planning and Degree Programme Provision Unit (U.O. Progettazione Didattica e Offerta Formativa) of their status at progettazione.didattica@unipr.it.

SCHOLARSHIPS

Each scholarship amounts to **€1,000.00 per month**, before deduction of any taxes payable by the recipient.

For the second semester of academic year 2026/2027, the University of Parma provides **158 scholarships**, allocated as follows:

- ✓ **11 scholarships for students enrolled for academic year 2026/2027 in the Bachelor's degree in Architecture Rigenerazione Sostenibilità.**
- ✓ **11 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Architecture and Sustainable Cities.**
- ✓ **4 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Medical, Veterinary and Pharmaceutical Biotechnology.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Chemistry.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Industrial Chemistry.**
- ✓ **4 scholarships for students enrolled for academic year 2026/2027 in the Bachelor's degree in Communication and Contemporary Media for the Creative Industries.**
- ✓ **7 scholarships for students enrolled for academic year 2026/2027 in the Bachelor's degree in Professional Education.**
- ✓ **19 scholarships for students enrolled for academic year 2026/2027 in the Single-cycle Master's degree in Pharmacy.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Physics.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Mechanical Engineering.**
- ✓ **12 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in International Business and Development.**
- ✓ **6 scholarships for students enrolled for academic year 2026/2027 in the**

Bachelor's degree in Italian Sign Language and Tactile Italian Sign Language Interpreting.

- ✓ **8 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Mathematics.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Veterinary Medicine.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Innovative and Sustainable Animal Production.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Bachelor's degree in Animal Science.**
- ✓ **12 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in Human Nutrition Sciences.**
- ✓ **13 scholarships for students enrolled for academic year 2026/2027 in the Master's degree in History, Criticism and Languages of the Arts and Performing Arts.**
- ✓ **5 scholarships for students enrolled for academic year 2026/2027 in the Bachelor's degree in Philosophical Studies.**
- ✓ **11 scholarships for students enrolled for academic year 2026/2027 in the** Bachelor's degree in Medical Radiology Techniques for Imaging and Radiotherapy.

Scholarships shall be disbursed in the order of the ranking list.

Students must be duly enrolled on a full-time basis in the above University of Parma degree programmes for academic year 2026/2027 and, by the date of issue of this call, must have earned at least 30 CFU for Bachelor's degree programmes or at least 20 CFU for Master's and Single-cycle Master's degree programmes (examinations taken in addition to the approved study plan and partial assessments are not eligible). In addition, to be awarded a scholarship, students must belong to a household with a 2026 ISEE for means-tested university student benefits not exceeding €50,000.00.

A scholarship awarded under the Erasmus italiano programme may not be combined with other scholarships for national or international mobility programmes covering mobility during the same period.

SELECTION CRITERIA

Applications shall be assessed by a University Selection Committee appointed by Rector's Decree.

The basic criteria used to draw up the ranking list shall take into account:

- assessment of the applicant's academic record: Bachelor's degree final grade, weighted average examination mark and other educational experiences (up to 6 out of 10 points);
- assessment of the impact of the mobility period on the applicant's academic development (up to 4 out of 10 points).

The merit ranking list shall be drawn up on the basis of the scores awarded by the Committee, whose assessment is final. In the event of a tie, priority shall be given to the younger applicant.

The ISEE shall not be used to calculate the ranking score, but solely for the award of scholarships.

The ranking list is scheduled to be published on the University website on 9 December 2026.

Students wishing to decline their allocated mobility place must notify the University by email to protocollo@unipr.it by 11 December 2026.

The ranking list for the reallocation of any vacant places shall be published on the University website on 14 December 2026.

The ranking lists shall remain valid until 31 January 2027. Any offers made to subsequent applicants on the ranking lists shall be communicated solely via their institutional email address (nome.cognome@studenti.unipr.it).

AWARD OF SCHOLARSHIPS AND CONDITIONS

Each applicant may be awarded only one scholarship for one destination. Scholarships shall be awarded in ranking order, subject to ministerial funding.

Recipients of financial support shall receive an advance payment of €2,000.00, corresponding to two monthly instalments, by the end of the month following submission of the certificate confirming the start of the mobility period. The balance shall be paid by the end of the month following submission of the documents certifying the activities undertaken during mobility.

In all cases, payment of the scholarship balance is conditional upon the student having earned at the host university the number of CFU provided for in the Learning Agreement; otherwise, the scholarship shall be revoked.

Failure to repay amounts already received to which the participant is no longer entitled due to insufficient credits or a reduction in the mobility period shall result in the suspension of the student's academic record and, consequently, the student shall be unable to obtain their qualification.
Selected students must make their own arrangements for their stay and bear all personal expenses, including travel, meals, accommodation, healthcare and teaching materials.

STUDENT OBLIGATIONS DURING THE MOBILITY PERIOD

During the mobility period, students must comply with the regulations, procedures and rules of the host university.

Students must also report to the relevant host university offices upon arrival, for identification and to formally begin the mobility period, and at the end of the mobility period, to formally conclude their activities.

The host university shall formally notify the University of Parma of the end of the mobility period and, at the same time, communicate the results of any examinations taken in the courses attended.

If the host university is willing to allow students to sit examinations after the end of the mobility period, it shall notify the University of Parma, specifying the final date for taking the examination and undertaking to communicate the result so that it can subsequently be entered in the student's academic record.

RECOGNITION OF SUCCESSFULLY COMPLETED ACTIVITIES

Within 30 days of the end of the mobility period and after receipt of all the necessary documentation, the University of Parma shall recognise the learning activities undertaken during mobility in accordance with the approved Learning Agreement and the certification of examinations passed and activities successfully completed. Thesis work, whether undertaken in full or in part, shall also be recognised on the basis of the certificate issued by the host university, provided that the thesis defence takes place at the University of Parma.

The University of Parma shall not be responsible in any way for the time taken by host universities to issue confirmation of examinations passed.

CONTACTS AND INFORMATION

This call is coordinated by the Academic Planning and Degree Programme Provision Unit (U.O. Progettazione Didattica e Offerta Formativa) within the Education and Student Services Division (Area Dirigenziale Didattica e Servizi agli Studenti).

All communications to applicants and students awarded a mobility place shall be sent exclusively to their institutional email address (name.surname@studenti.unipr.it).

The relevant contacts are listed below:

1. For information on this call: Academic Planning and Degree Programme Provision Unit (progettazione.didattica@unipr.it).

2. For academic matters:
   - **Architecture, Regeneration and Sustainability (L-17): Prof. Andrea Zerbi (andrea.zerbi@unipr.it)**
   - **Architecture and Sustainable Cities (LM-4): Prof. Enrico Prandi (enrico.prandi@unipr.it)**
   - **Medical, Veterinary and Pharmaceutical Biotechnology (LM-9): Prof. Nicola Giuliani**

INSURANCE COVER

The University has taken out third-party liability and personal accident insurance policies for students. These policies also apply during the mobility period, exclusively when students are undertaking authorised institutional activities.

Unauthorised activities are not covered by the University's insurance policy.

VERIFICATION CHECKS

Pursuant to Article 71 of Presidential Decree No. 445 of 28 December 2000, the University administration shall carry out appropriate checks, including random checks, and checks in all cases where there are reasonable grounds to doubt the truthfulness of self-certifications and substitute declarations (dichiarazioni sostitutive).

OFFICER RESPONSIBLE FOR THE ADMINISTRATIVE PROCEDURE AND PERSONAL DATA PROCESSING

Pursuant to Article 4 of Law No. 241 of 7 August 1990 (New provisions on administrative procedures and the right of access to administrative documents), as subsequently amended, Ms Katia Tondelli, Head of the Academic Planning and Degree Programme Provision Unit, is appointed Officer Responsible for the Administrative Procedure (Responsabile del Procedimento Amministrativo).

Applicants may exercise their right of access to the documents relating to the selection procedure in accordance with Presidential Decree No. 184 of 12 April 2006 (Regulations governing access to administrative documents pursuant to Chapter V of Law No. 241/1990).

Personal data collected for the purposes set out in this call shall be processed in compliance with Regulation (EU) 2016/679 of 27 April 2016 (General Data Protection Regulation, GDPR).

The Data Controller is the University of Parma, with its registered office at Via Università 12, 43121 Parma, Italy.
